BATHYMETRIC MAP

ATLANTIC OCEAN
WALKER CAY

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS hydrographic surveys date in some cases with International Hydrographic Organization (IHO) publications. All survey numbers are those used at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid, Zone 17, 10,000 meter ticks (1 per phase) inside the rectangle.

Orbitare projection survey data, plotted in red, compiled by the Minerals Management Service. Heavy lines indicate levels of small Outer Continental Shelf Official Protection Diagrams. The projections on this map are not for Federal Licensing purposes; for such purposes refer to the OCS Official Protection Diagram available from the Minerals Management Service.
