

# BATHYMETRIC MAP

Note map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS hydrographic survey data (conform with International Hydrographic Organization (IHO) Publication No. 1) are shown in red on this map and the date of the survey. This information is not intended for navigation purposes.

Universal Transverse Mercator Grid Zone S, 183000 meter ticks (1:1) are shown inside the mapline.

Where preferred survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate lines of MMS Outer Continental Shelf (OCS) Program (Diagram). The geotitles on this map are set for Federal Listing purposes. For such purposes refer to the OCS Outer Continental Shelf Program available from the Minerals Management Service.
